

# 13th RDKit UGM Agenda v1.2

11-13 September 2024

Zürich, Switzerland

The UGM will be an in-person event with the presentations lived-streamed via zoom. If you have registered for the virtual version of the UGM, you will get an email a day or two before it starts with the zoom link.

Since the discord server worked well over the past two years, we've set one up this year as well:

The Github repo for this year is here: [https://github.com/rdkit/UGM\\_2024](https://github.com/rdkit/UGM_2024)

The most recent version of this document, logistics information, and other practical details can be found in the [github repo](#).
